

Carlos Anias

Founder & Full-Stack Engineer

carlos@isibi.ai · (786) 555-0199 · Miami, FL · linkedin.com/in/canias · isibi.ai

PROFESSIONAL SUMMARY

Full-stack engineer and startup founder with 6+ years building AI-powered products from zero to production. Led the development of GoFarther AI, a mobile assistant serving thousands of users with voice, file creation, email automation, and 25+ integrated tools. Deep expertise in React Native, Python/FastAPI, and Claude/OpenAI APIs.

EXPERIENCE

isibi.ai

Miami, FL | Jan 2024 — Present

Founder & CEO

- Built GoFarther AI from scratch — a mobile AI assistant with voice, file creation, email automation, and 25+ tools serving thousands of users
- Architected full-stack platform: React Native (Expo) frontend, Python/FastAPI backend, PostgreSQL, Redis, R2 storage, deployed on Render
- Integrated Claude API with native tool_use for reliable action execution — file creation, web search, code interpreter, connectors
- Shipped 50+ OTA updates in 3 months with zero downtime using EAS Update pipeline

Freelance

Remote | Mar 2021 — Dec 2023

Senior Full-Stack Developer

- Delivered 12+ client projects across fintech, healthcare, and e-commerce — React, Node.js, Python
- Built a real-time trading dashboard processing 50K+ events/sec with WebSocket and Redis pub/sub
- Designed and deployed microservices on AWS (ECS, Lambda, RDS) for a healthcare startup, reducing API latency by 60%

TechCorp Solutions

Miami, FL | Jun 2018 — Feb 2021

Software Engineer

- Developed customer-facing React applications used by 100K+ monthly active users
- Implemented CI/CD pipelines with GitHub Actions, reducing deployment time from 4 hours to 20 minutes
- Mentored 3 junior developers and led code review process for a team of 8

EDUCATION

Florida International University

2014 — 2018

Bachelor of Science in Computer Science | GPA: 3.7/4.0 | Dean's List

SKILLS

Frontend:	React Native · React · TypeScript · Expo · Tailwind CSS
Backend:	Python · FastAPI · Node.js · PostgreSQL · Redis
AI / ML:	Claude API · OpenAI API · Prompt Engineering · Tool Use · RAG
DevOps:	Docker · Render · AWS · GitHub Actions · EAS Build/Update

CERTIFICATIONS

AWS Solutions Architect Associate · Meta React Native Specialization

LANGUAGES

English (Native) · Spanish (Native)
