RE: Partnership Opportunity — AI-Powered Customer Support

Dear Ms. Mitchell,

I hope this letter finds you well. I am writing to follow up on our conversation last week regarding the potential for isibi.ai to partner with Acme Corp on automating your customer support operations.

As discussed, our GoFarther AI platform has successfully reduced tier-1 support ticket response times by 85% for similar organizations, while maintaining a 94% customer satisfaction rating. We believe we can deliver comparable results for Acme Corp within 90 days of deployment.

I have attached a detailed proposal outlining our approach, timeline, and investment. The total project cost of \$58,000 represents a fraction of the \$2M+ you currently spend annually on support staffing for repetitive tickets.

I would welcome the opportunity to present this to your leadership team at your earliest convenience. Please feel free to reach out directly to schedule a meeting.

Best regards,

Carlos Anias
